

Michael Gould, PA

For over 14 years Michael Gould has provided outstanding care to patients of The Urology Center. He is a leader among physician assistants and is one of the founders (and past President) of the Urologic Association of Physicians Assistants, a chapter organization of the American Academy of Physicians Assistants.

Mike provides treatment for the full range non-surgical urological conditions and often serves as the entry point for new patients into the practice. As an experienced diagnostician, he often leads a patient's work up and, if the need for surgical intervention is indicated, connects the patient to the urologist who specializes in the patient's area of need. In addition to caring for patients, Mike lectures at several highly regarded physician assistant programs include Yale, Quinnipiac, and The Massachusetts College of Pharmacy.

Mike earned his undergraduate degree at Syracuse University in Clinical Nutrition, with a minor in Gerontology. He then graduated from Yale University School of Medicine Physician Associate Program, passing the certification exam with honors.

Mike is an avid marathon runner and lives in Madison, CT with his two children.
