

Thomas V. Martin, M.D.

Dr. Thomas Martin is an acknowledged leader in the specialty of minimally invasive surgery and is a mentor and trainer to fellow urologists throughout the country in this field. Performing endoscopic, laparoscopic and robotic minimally invasive surgical treatments for a full range of urological conditions, Dr. Martin's approach minimizes patients' discomfort and hospitalization time, while accelerating recovery.

Dr. Martin offers an extensive range of laboratory and clinical research experience, having written numerous articles and text book chapters on laparoscopic surgery, shock wave lithotripsy, urinary stone disease and innovative treatments for benign prostate hyperplasia, including microwave laser and electrosurgical technologies.

Graduating magna cum laude and Phi Beta Kappa from Georgetown University, Dr. Martin received his medical degree from the University of Connecticut School of Medicine. After completing his urology residency at Yale-New Haven Hospital, Dr. Martin pursued and completed a fellowship in laparoscopic and endoscopic urologic surgery at New York Hospital / Cornell University Medical Center. He is board certified in urology and is an attending physician at both Hospital of Saint Raphael and Yale New Haven Hospital.

A native of Connecticut, Dr. Martin resides in Madison with his wife and two children.
